

## **Burke-Gilman Trail & westbound N.E. Pacific St. near U-District temporarily closed during week of 4/16/2007**

*Drivers should expect delays; Trail users urged to follow detours*

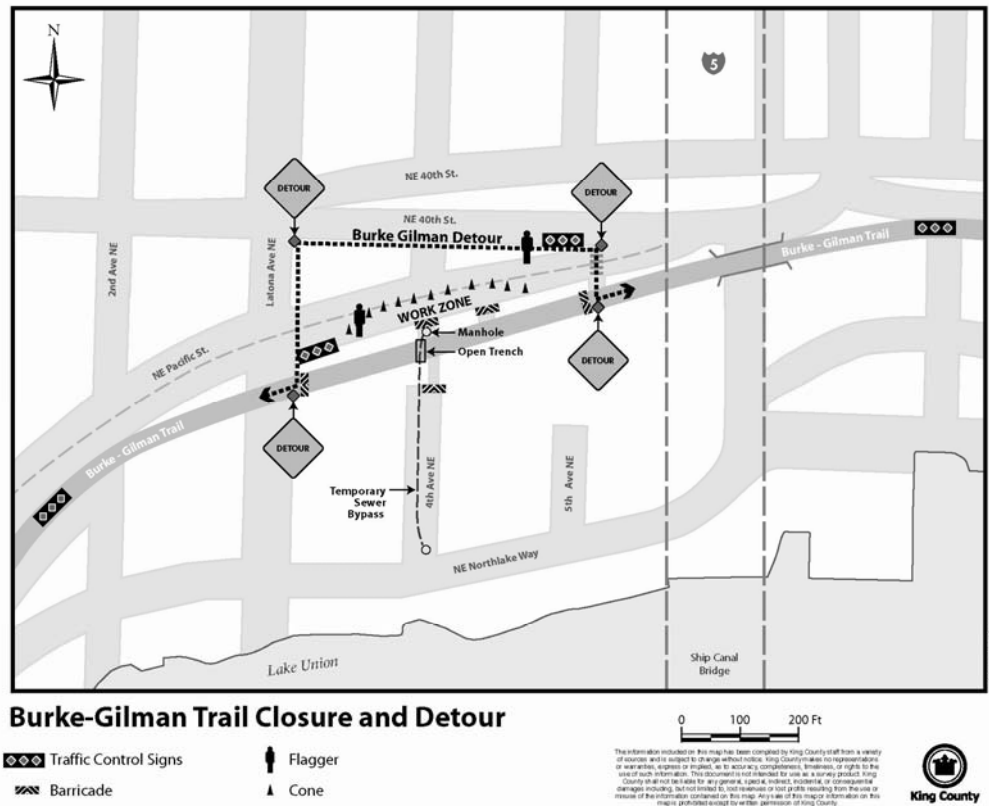

The westbound lane of N.E. Pacific Street and the Burke-Gilman Trail between Latona Ave. N.E. and the intersection of 40<sup>th</sup> St. N.E. and N.E. Pacific St. will be closed at times during the week of April 16, 2007 while King County crews install a stormwater bypass pipe between manholes in N.E. Pacific St. and 4<sup>th</sup> Ave. The closures will last 3-5 days.

Burke-Gilman Trail users will be detoured to 40<sup>th</sup> St. N.E. at Latona Ave. N.E. and returned to the trail at the intersection of 40<sup>th</sup> St. N.E. and N.E. Pacific St. during the bypass installation.

For the remainder of the project, the bypass pipe in the trail will be covered by a steel plate buried under asphalt, allowing regular trail use through the end of the project in late summer.

The bypass will maintain existing stormwater service for the community while King County installs a stilling vault and ventilation stack under 4th Ave. N.E. to reduce stormwater discharges into Lake Union and the Ship Canal.
